

Typesetter List Updated October 2008

This list contains compositors that are willing to provide "Output-Ready PDF" for text files. Thomson-Shore is not recommending any of these typesetters, merely providing you with names of typesetters that will allow you to take advantage of our pricing structure for text copy provided as Output-Ready PDF files. We do not accept any responsibility for the quality of their composition, graphics, or final files. It is our recommendation that you check references and look at printed samples of their work.
