January 27, 2009

To Whom It May Concern:

Our goal at FUJIFILM Hunt Chemicals U.S.A., Inc. (Fuji Hunt) is to comply with all environmental, health and safety regulations. Our product testing procedures do not include a metal analysis; however, our products are formulated free from lead and other heavy metals. Fuji Hunt expects any incidental amount to be less than 100 parts per million (ppm).

Fuji Hunt certifies that our products do not contain the following substances according to the formulation:

- lead	- dioctyl phthalate (DNOP)
- di (2-ethylhexyl) phthalate (DEHP)	- di-isononyl phthalate (DINP)
- benzyl butyl phthalate (BBP)	- di-isodecyl phthalate (DIDP)
- dibutyl phthalate (DBP)	

FUJI Hunt cannot guarantee that this information is correct or that this review is all-inclusive. The contents of this letter should not be used to comply with federal, state or local regulations. Every organization is responsible for its own regulatory compliance, and every organization should evaluate each of the products it uses to determine if they comply with the necessary regulations.

If you have any questions or need any additional regulatory information, please contact me at 847-259-8800 x225. My e-mail address is nrobinso@fujifilm.com.

Sincerely,

Nichol J. Robinson
Specialist, Environment, Health and Safety
